Re: Maricopa County Clean Air

Dear Colleague,

Congratulations and welcome to the Phoenix Union High School District. Everyone is becoming increasingly aware of the traffic congestion and air pollution problems facing the Valley of the Sun. As members of the community, Phoenix Union supports efforts to reduce air pollution and improve our quality of life. We encourage you whenever possible, to share a ride to work by carpooling or vanpooling, taking the bus or light rail, riding your bike, or if you live close, walking to work.

Our district, like hundreds of other companies in the Valley participates in the Maricopa County Trip Reduction Program. The goal of the program is to reduce drive alone travel to work. In our effort to comply with the program and make commuting less stressful and more convenient for you, we offer several commute related incentives and subsidies. These benefits include:

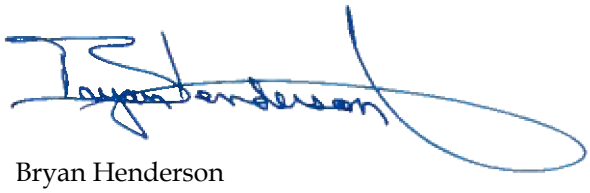

- A guaranteed ride home for any employee who uses an alternative mode to get to work in the event of illness, family emergency or other unforeseen problems.
- Bicycle racks
- Showers for those who bike or walk to work.
- An information center with bus, carpooling, zip code matching, high pollution advisories and more.
- Free bus/light rail cards available to district employees. (*Visit the Talent Division on the first floor of CEE*)
- Carpool parking spaces are provided for district employees who are registered as an alternative mode user.

To take advantage of these benefits and determine your best commute alternatives, please contact the Transportation Division at 602-764-1614.

For more information about carpool, vanpool, and bicycle matching, please call Valley Metro Rideshare at (602) 262-RIDE. For bus route information, please call Valley Metro Transit at (602)253-5000.

Thank you for doing your part to help clean the Valley's air.

Thank you,

Bryan Henderson
Director of Transportation
