d formula corrections after your file origination date. See cell L1.

These instructions are provided to help school districts report school-level data required by A.R.S. §15-904(F). All districts, including those that operate only 1 school, are required to complete a school-level reporting file.

This file has been designed to populate most expenditures automatically based on the District's AFR Page 9. The checklist above describes the actions you must complete for each of the green tabs in this workbook.

To ensure uploaded files will pass all validation checks, follow all instructions and do not enter information in the shaded areas or protected cells, or change any formulas. The green tabs are the only tabs that require districts to input data.

Some districts will also have revenues and expenditures associated with private schools as described below.

Private Schools

All activity related to district students placed in private schools (including head start program students and tuition paid to private schools) or services provided by the District to private school students should be separately reported on the Private schools tab. Amounts reported for private schools should not include tuition paid to other Arizona districts or special education consortiums or programs operated by county school superintendents' offices.

Any tuition paid to other Arizona districts (object code 6561 and Other Services (object code 6591) should be reported in cell N34 of the single school tab.

Revenues Generated by Student Count

A school's actual base support level, district additional assistance, and Classroom Site Fund (CSF) revenues may differ from the amounts provided by ADE. Possible reasons may include:

-Reductions to the base support level for remote instructional time provided beyond the thresholds prescribed in A.R.S. §15-901.08(C)(3)(b)(i). Districts should include an adjustment on the data entry tab for remote instructional time adjustments reported on their final FY 2024 BSA 55, page 2.

-Impact aid was used to cover a portion of base support related to the District's statutory qualifying levy. However, impact aid is reported separately on its own line, so base support was reduced to avoid double counting Impact Aid amounts.

-District's ADM changed after the initial property tax levy and the District is not eligible for State Aid. Therefore, the amount levied and received as revenue was more or less than the amount needed for the base support calculated by ADE.

-Adjustments to state aid in the current year due to ADM audit findings from prior years or noncompliance with the Uniform System of Financial Records (USFR) either increased or decreased the amount of state aid the District received.

-Certain revenues for Type 03 districts are paid based on the district of attendance but the student counts used to calculate the ADE provided revenues are based on the district of residence (i.e., CSF revenues and DAA for high school students transported by the Type 03 district.)

-Differences between property taxes levied and property taxes received.

Amounts are based on student counts available after the Statewide recalculation adjustments only. District's with 915 adjustments in process may also have to adjust revenue amount based on the estimated change.

Report other state and local tax revenue sources that are generated by student count including monies received for:

- IIF (reported in Fund 020)
- Tuition (reported under Object Code 13XX)
- Certain state and local grants (reported in Funds 050 and 400-499)
- English Language Learner (reported in Fund 071)
- Compensatory Instruction (reported in Fund 072)
- Unrestricted State Revenue (reported in Object Code 3100) such as additional funding provided by 2016 Prop 123 & Laws 2015, 1st S.S., Ch. 1, §6 (reported in Funds 001 or 610 and Object Code 3100). Do not include State Aid and Additional State Aid already included in Base Support amounts generated.

ADE will notify districts of the final amount of Instructional Improvement Fund and Prop 123 revenues generated by each school, including any amount for CTED satellite-generated students.

Other Revenues Allocated to the School

Report any other revenues from State and local taxes, including desegregation monies. Also report any monies received from the School Facilities Board. Monies received from CTEDs should be reported here unless the CTED indicates they were not from State or local taxes, such amounts should be reported as part of other revenues from other sources.

Report revenues from other fees received, if any. This includes monies received for fees such as parking and locker rentals reported under Object Code 1750, as well as fingerprinting and textbook fees reported in Funds 540 and 555, respectively. Do not include transportation fees or extracurricular activities fees tax credit revenues in this amount as those are reported separately above. Monies received from CTEDs may be reported here if they were not from State and local taxes.

Report revenues received from any other local and State sources that were not included in other line items, if any. This line should include revenue allocated from:

- School Plant (reported in Fund 500)
- Civic Center (reported in Fund 515)
- Community School (reported in Fund 520)
- Auxiliary Operations (reported in Fund 525)
- Career & Tech. Ed. & Voc. Ed. Projects (reported in Fund 535)
- School Opening (reported in Fund 545)
- Insurance Proceeds (reported in Fund 550)
- Litigation Recovery (reported in Fund 565)
- Indirect Costs (reported in Fund 570)
- Teacherage (reported in Fund 580)
- Insurance Refund (reported in Fund 585)
- Advertisement (reported in Fund 595)
- Condemnation (reported in Fund 660)
- Energy and Water Savings (reported in Fund 665)
- Emergency Deficiencies Correction (reported in Fund 686)
- Investment Income (reported in Object 1500, excluding Fund 510 reported as School Lunch Sales)
- County School Fund (reported in Object 2110)
- Special County School Reserve Fund (reported in Object 2210)

Report any other Federal grant monies that were not included in amounts on other lines. Federal grants are reported in Funds 100-399. This line should include the portion of Title I monies received that were NOT generated by student count, if any, as well as IDEA (special education federal grant) monies. Do not report Impact Aid as it is reported separately.

Special Education

Group A revenue amounts for special education include only the 6 categories that are SPED-related (specific learning disability, emotional disability, mild intellectual disability, speech/language impairment, developmental delay, and other health impairment) and have already been calculated on the form.

Expenditures should only include these amounts and should not include the other 5 non SPED categories (Program 240—Gifted Education, Program 250—Remedial Education, Program 270—Vocational and Technical Education, Program 280—Career Education, bilingual and homebound).

Amounts on this tab will pull from other tabs within this file. As this tab is the same for both districts and charters, some columns may not be applicable and therefore are shaded.

If a school has a negative amount in the Totals tab in any of the salaries "From Federal Funds" columns and received federal Impact Aid, the negative amount is likely from an adjustment made for Impact Aid in Single school and/or Private school tabs used to replace local property taxes from federal to State and local spending . If there is a negative amount in any of the salaries from federal funds columns:

1. Double check the Impact Aid revenue entered in Single school and/or Private school tabs to ensure it is only the Impact Aid used to replace all or a portion of the local property tax levy, not all Impact Aid received. Correct the amount in those tabs as needed.

2. If the salaries from federal funds are still negative, note the amount of the negative balance and add that amount at the end of the formula in the applicable columns' cell (for example “+200”) to clear the negative. Then you must subtract that amount in total (for example “-200”) at the end of the formula(s) for one or more of the other federal spending cells within the same function, without creating a negative balance in any of those cells.

3. Finally, to complete this adjustment, add the adjustment amount(s) from step 2 above to the applicable State and local source columns by object code in columns EY through FG, in the applicable row (single school or private school).

If the school has a negative amount in the Totals tab, cell FB20 (supplies from State and local sources), the negative amount is likely from an adjustment made to recognize spending from Child nutrition programs (Data entry tab, row 43) as federal spending rather than State and local spending where the Food Service Fund is initially reported. If there is a negative amount in column FB20:

1. Note the amount of the negative balance and add that amount at the end of the formula in cell FB20 (for example “+200”) to clear the negative. Then you must subtract that amount in total (for example “-200”) at the end of the formula(s) for one or more of the other State and local spending cells (EY20 through FG20), without creating a negative balance in any of those cells.

2. Finally, to complete this adjustment, add the adjustment amount(s) from step 1 above to the applicable federal source columns by object code in cells EN20 through EV20.

SEXUAL HARASSMENT

All individuals associated with this District, including, but not necessarily limited to, the Governing Board, the administration, the staff, and students, are expected to conduct themselves at all times so as to provide an atmosphere free from sexual harassment.

Sexual harassment is a form of sex discrimination that violates Title VII of the Civil Rights Act of 1964 and Title IX of the Education Amendments of 1972.

The Equal Employment Opportunity Commission defines "sexual harassment" as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

A. Submission to such conduct is either explicitly or implicitly made a term or condition of an individual's employment; or

B. Submission to or rejection of such conduct is used as a basis for employment decisions affecting such individual; or

C. Such conduct has the purpose or effect of substantially interfering with an individual's work performance, or creating an intimidating, hostile, or offensive work environment.

Sexual harassment may include, but is not limited to:

A. Suggestive or obscene letters, notes, invitations, derogatory comments, slurs, jokes, epithets, assault, touching, impeding or blocking movement, leering, gestures, or display of sexually suggestive objects, pictures, or cartoons.

B. Continuing to express sexual interest after being informed that the interest is unwelcome. (Reciprocal attraction between peers is not considered sexual harassment.)

C. Implying or withholding support for an appointment, promotion, or change of assignment; suggesting that a poor performance report will be prepared; suggesting that probation will be failed.

D. Coercive sexual behavior used to control, influence, or affect the career, salary, and/or work environment of another employee.

E. Offering or granting favors or employment benefits, such as promotions, favorable performance evaluations, favorable assignments, favorable duties or shifts, recommendations, reclassifications, et cetera, in exchange for sexual favors.

Anyone who is subject to sexual harassment, or who knows of the occurrence of such conduct, should inform the compliance officer, as provided in ACA-R.

A substantiated charge against a staff member in the District shall subject such staff member to disciplinary action.

All matters involving sexual harassment complaints will remain confidential to the extent practicable and allowable by law.

TITLE IX SEX DISCRIMINATION

Title IX of the Federal Education Amendments Act protects people from discrimination based on sex in education programs or activities that receive Federal financial assistance. The District does not discriminate on the basis of sex and is required by Title IX not to discriminate in such a manner. The District adheres to all conditions established by Title IX by recognizing the right of every student who attends school in the District and every employee who works in the District to do so without the fear of sex discrimination, to include unlawful sexual harassment.

The District accepts and shall employ the definition of sexual harassment as established by the Title IX regulations. Sexual harassment means conduct on the basis of sex that satisfies one (1) or more of the following:

A. An employee of the District conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct;

B. Unwelcome conduct determined by a reasonable person to be so severe~~,~~ or pervasive~~,~~ that it effectively denies a person equal access to the District's education program or activity; or

C. "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

D. Hostile Environment Harassment.

The District also accepts and shall employ the definition of a complainant as an individual who is alleged to be the victim of conduct that could constitute sexual harassment, and a respondent as an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

The District shall designate and authorize an employee as the "Title IX Coordinator" to comply with its responsibilities pertaining to sexual harassment under Title IX. Inquiries about the application of Title IX may be referred to the District's Title IX Coordinator.

Any person may report sex discrimination, including sexual harassment, regardless of whether the person reporting is the person alleged to be the victim of the reported conduct or not. A report may be made in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person’s verbal or written report. Such a report may be made at any time (including during non-business hours) by using the telephone number or

electronic mail address, or by mail to the office address listed for the Title IX Coordinator. The District shall notify students, parents or legal guardians of students, employees, applicants for employment, and all unions or professional organizations holding collective bargaining or professional agreements with the District, of the name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator.

The District will respond promptly when any school employee has notice of sex discrimination, including sexual harassment. Upon receipt of notice of sexual harassment, the District shall notify students, parents or legal guardians of students, employees, applicants for employment, and all unions or professional organizations holding collective bargaining or professional agreements with the District, of the District's grievance procedures and grievance process, including how to report or file a complaint of sex discrimination, how to report or file a ~~formal~~ complaint of sexual harassment, and how the District shall respond. The District is committed to investigating each ~~formal~~ complaint submitted and to taking appropriate action on all confirmed violations of policy. The District shall follow grievance procedures that provide for the prompt and equitable resolution of complaints from students and employees alleging sexual harassment.

The District will make reasonable efforts to keep confidential the identity of any individual who has made a report or filed a complaint of sexual harassment, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as is necessary to carry out the grievance process and as may otherwise be permitted by law.

Title IX sex discrimination complaints, including sexual harassment complaints, may include violations covered by Arizona's mandatory reporting statute, A.R.S. §13-3620. Any abuses classified by statute as "reportable offenses" must be reported as such to the authorities because not reporting a reportable offense is classified as a Class 6 Felony.

Retaliation Prohibited

Neither the District nor any person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, or because the individual has in good faith made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing. Intimidation, threats, coercion, or discrimination, including charges against an individual for violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination or ~~a~~ sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, constitutes retaliation.

REGULATION

TITLE IX SEX DISCRIMINATION

Title IX Coordinator

The Superintendent shall appoint an employee as the "Title IX Coordinator." If the Title IX Coordinator is the respondent, the complaint shall be filed with the Superintendent.

Title IX Coordinator:

Name/Title: _____

Address: _____

_____

E-mail: _____

Response to Sex Discrimination

A recipient with knowledge of conduct that reasonably may constitute sex discrimination in its education program or activity must respond promptly and effectively.

An "education program or activity" includes locations, events, or circumstances over which the District exercised substantial control over both the respondent and the context in which the sex discrimination occurs, and also includes any building owned or controlled by a student organization that is officially recognized by the District.

© 2024 by Arizona School Boards Association

The District's initial response to any report of sex discrimination mus~~t treat~~ complainants and respondents equally by offering supportive measures to both and must follow the established grievance process before disciplining a respondent.

The Title IX Coordinator shall promptly:

A. Contact the complainant to discuss the availability of supportive measures;

B. Consider the complainant's wishes with respect to supportive measures;

C. Inform the complainant of the availability of supportive measures; and

D. Explain to the complainant the process for filing a complaint.

Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a complaint. Such measures are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter sex discrimination. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, and other similar measures. The District shall maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the District to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

The District may remove a respondent from the District's education program or activity on an emergency basis, provided that the District undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sex discrimination justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Response to a Notification of Conduct

The Title IX Coordinator must take the following actions upon being notified of conduct that reasonably may constitute sex discrimination:

© 2024 by Arizona School Boards Association

A. Treat the complainant and respondent equitably. (§ 106.44(f)(1)(i)).

B. Offer and coordinate supportive measures, as appropriate, for the complainant. If the recipient has initiated grievance procedures or offered an informal resolution process to the respondent, offer and coordinate supportive measures as appropriate, for the respondent. (§ 106.44(f)(1)(ii)).

C. Notify the complainant, or if the complainant is unknown, the individual who reported the conduct, of the grievance procedures and the informal resolution process, if available and appropriate. (§ 106.44(f)(1)(iii)(A)).

D. If a complaint is made, notify the respondent of the grievance procedures and the informal resolution process, if available and appropriate. (§ 106.44(f)(1)(iii)(B)).

E. In response to a complaint, initiate the recipient's grievance procedures or informal resolution process, if available and appropriate. (§ 106.44(f)(1)(iv)).

F. In the absence of a complaint or the withdrawal of any or all of the allegations in a complaint, and in the absence or termination of an informal resolution process, make a fact-specific determination by considering, at a minimum, eight (8) listed factors, and determining whether the conduct as alleged presents an imminent and serious threat to the health or safety of a complainant or other person or prevents the recipient from ensuring equal access based on sex to its education program or activity such that the Title IX Coordinator may initiate a complaint. (§ 106.44(f)(1)(v)).

G. If the Title IX Coordinator initiates a complaint, notify the complainant prior to doing so and appropriately address reasonable concerns about the complainant's safety or the safety of others. (§ 106.44(f)(1)(vi)).

H. Regardless of whether a complaint is initiated, take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within the recipient's education program or activity, in addition to providing remedies to an individual complainant. (§ 106.44(f)(1)(vii)).

If the conduct alleged ~~in a formal complaint~~ does not meet the Title IX definition of sex discrimination as established in Governing Board policy, did not occur in the District's education program or activity, or did not occur against a person in the United States, then the District shall dismiss the allegations for purposes of Title IX but may still address the allegations in any manner the District deems appropriate under other District policies.

The District may dismiss a complaint or any allegations therein, if at any time:

A. The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the complaint or any allegations therein;

B. The respondent is no longer enrolled or employed by the District; or

C. Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the complaint or allegations therein.

Upon dismissal of a ~~formal~~ complaint or any allegations therein, the District shall promptly send written notice of the dismissal, including the reasons for the dismissal, simultaneously to the parties.

When investigating a complaint and throughout the grievance process, the District shall:

A. Ensure that the burden of proof and the burden of gathering evidence rests on the District and not on the parties, except that certain treatment records cannot be obtained without voluntary, written consent of a party;

B. Provide an equal opportunity for the parties to present witnesses and evidence;

C. Not restrict the ability of either party to discuss the allegations or to gather and present evidence;

D. Provide the parties with the same opportunities to have others present during any meeting or grievance proceeding;

E. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of any meeting or grievance proceeding, with sufficient time for the party to prepare to participate;

F. Provide both parties an equal opportunity to inspect and review any evidence so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation (prior to completion of the investigative report, the investigator will send to each party and the party's advisor, if any, a copy of all evidence gathered during the investigation and will allow the parties at least ten (10) days to submit a written response to any of the evidence); and

G. Create an investigative report that fairly summarizes relevant evidence and, at least ten (10) days prior to a determination of responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or hard copy, for their review and written response.

After the District has sent the investigative report to the parties and before reaching a determination regarding responsibility, the decision-makers(s) shall afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence are offered to prove consent.

Decision-maker(s) must not have bias or conflict of interest. A decision-maker may be the Title IX Coordinator or investigator as long as there is no bias or conflict or interest.

The decision-maker(s) shall apply the District's established standard of evidence and shall issue a written determination regarding responsibility that includes:

A. Identification of the allegations potentially constituting sex discrimination;

B. A description of the procedural steps taken from the receipt of the complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;

C. Findings of fact supporting the determination;

D. Conclusions regarding the application of the District's code of conduct to the facts;

E. A statement of and rationale for the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the District imposes on the respondent, and whether remedies designed to restore or preserve equal access to the District's education program or activity shall be provided by the District to the complainant; and

F. The District's procedures and permissible bases for the complainant and respondent to appeal.

The District shall provide the written determination to the parties simultaneously. The Title IX Coordinator is responsible for effective implementation of any remedies.

The District shall offer both parties the right to appeal from a determination regarding responsibility and from a dismissal of a complaint or any allegations therein, on the following bases:

A. Procedural irregularity that affected the outcome of the matter;

B. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and

C. The Title IX Coordinator, investigator(s), or decision-makers(s) had a conflict of interest or bias

As to all appeals, the District shall:

A. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties;

B. Ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator;

C. Ensure that the decision-maker(s) for the appeal does not have a conflict of interest or bias;

D. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;

E. Issue a written decision describing the result of the appeal and the rationale for the result; and

F. Provide the written decision simultaneously to both parties.

The District may not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of ~~formal~~ complaints of sex discrimination~~.~~ However, at any time prior to reaching a determination regarding responsibility during a complaint process, the District may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication, provided that the District:

A. Provides to the parties a written notice disclosing:

1. The allegations;

2. The requirements of the informal resolution process, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process; and

3. Any consequences resulting from participating in the informal resolution process, including the records that shall be maintained or could be shared;

B. Obtains the parties' voluntary, written consent to the informal resolution process; and

C. Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

© 2024 by Arizona School Boards Association

The District shall maintain for a period of seven (7) years records of:

A. Each sex discrimination investigation including:

1. Any determination regarding responsibility;

2. Any disciplinary sanctions imposed on the respondent; and

3. Any remedies provided to the complainant designed to restore or preserve equal access to the District's education program or activity.

B. Any appeal and the result therefrom;

C. Any informal resolution and the result therefrom; and

D. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The District shall make these training materials publicly available on its website, or if the District does not maintain a website the District shall make these materials available upon request for inspection by members of the public.

The District shall create and maintain for a period of seven (7) years, records of any actions, including supportive measures taken in response to a report or complaint of sex discrimination. In each instance, the District shall document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the District's education program or activity. If a District does not provide a complainant with supportive measures, then the District shall document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the District in the future from providing additional explanations or detailing additional measures taken.

STAFF GRIEVANCES

Effective communication between District employees, the administrative staff, and the Board is essential for proper operation of the schools. The Governing Board, therefore, authorizes the Superintendent to establish a grievance procedure for employees as the prescribed means of resolving grievances at the earliest date and the lowest possible administrative level. In cases of alleged sex discrimination, this grievance procedure should provide supportive measures to complainants and respondents affected by the alleged sex discrimination conduct, must require adequate notice, must provide an equal opportunity to present and access evidence, and provide a reasonable opportunity for response by each party.

Such procedure shall provide for an appeal to the Board for review of any grievance that cannot be resolved at the administrative level. In such instances, the request shall be in writing and shall contain the basis for the appeal, including the act or acts out of which the grievance arose, identification of the Board policies and/or administrative regulations involved, and the remedy sought. Within five (5) working days following notification of the Superintendent's decision, any written request for appeal shall be submitted to the Superintendent for transmittal to the Board. The Governing Board, at a time of its choosing, shall review the grievance and issue a response within fifteen (15) working days following such review.

The decision of the Governing Board is final.

STUDENT CONCERNS, COMPLAINTS, AND GRIEVANCES

The Superintendent is directed to establish procedures whereby students with sufficient concern may present a complaint or grievance regarding a violation of their constitutional rights, equal access to programs, discrimination, or personal safety provided that:

A. The topic is not the subject of disciplinary or other proceedings under other policies and regulations of the District, and

B. The procedure shall not apply to any matter for which the method of review is prescribed by law, or the Governing Board is without authority to act.

A complaint or grievance may be raised regarding any of the following:

A. Violation of the student's constitutional rights.

B. Denial of an equal opportunity to participate in any program or activity for which the student qualifies, not related to the student's individual capabilities.

C. Discriminatory treatment on the basis of race, color, religion, sex, age, national origin, or disability.

In cases of alleged sex discrimination, this grievance procedure should provide supportive measures to complainants and respondents affected by the alleged sex discrimination conduct, must require adequate notice, must provide an equal opportunity to present and access evidence, and provide a reasonable opportunity for response by each party.

D. Concern for the student's personal safety.

Refer to Board Policy JICK for procedures applying to a complaint or grievance that alleges incidences of student violence, harassment, intimidation, or bullying.

The complaint or grievance must be made within thirty (30) calendar days of the time the student knew or should have known that there were grounds for the complaint or grievance. The initial complaint or grievance should be made using form JII-EA; however, a verbal complaint or grievance may be made to any school staff member. The receiving staff member shall immediately inform an administrator of the complaint or grievance.

When the initial complaint or grievance is submitted in a manner other than on the prescribed form, the administrator shall obtain from the student the particulars of the accusation and complete form JII-EA immediately thereafter. The administrator shall especially note all student-provided particulars determined by the Superintendent to be necessary for the complaint or grievance to be investigated. Any question concerning whether a complaint or grievance falls within this policy shall be determined by the Superintendent.

If the receiving school administrator is included in the allegation, the complaint or grievance shall be transmitted to the next higher administrative supervisor. Failure by the staff member to timely inform a school administrator or next higher administrative supervisor of a student's allegation may subject the staff member to disciplinary action. The staff member shall preserve the confidentiality of the subject, disclosing it only to the appropriate school administrator or next higher administrative supervisor or as otherwise required by law.

A student or student's parent or guardian may initiate the complaint process by completing Exhibit JII-EA.

A complaint or grievance may be withdrawn at any time. Once withdrawn, the process cannot be reopened if the resubmission is longer than thirty (30) calendar days from the date of the occurrence of the alleged incident.

Retaliatory or intimidating acts against any student who has made a complaint under this policy and its corresponding regulations, or against a student who has testified, assisted or participated in any manner in an investigation relating to a complaint or grievance, are specifically prohibited and constitute grounds for a separate complaint.

To assure that students and staff are aware of its content and intent, a notice of this policy and procedure shall be posted conspicuously in each school building and shall be made a part of the rights and responsibilities section of the student handbook. Forms for submitting complaints are to be available to students, staff and parents or guardians in the school offices.

Disposition of all complaints or grievances shall be reported to the Superintendent and the compliance officer for discrimination if other than the Superintendent. The Superintendent will determine if the policies of the District have been appropriately implemented and will make such reports and/or referrals to the Board as may be necessary.

The Superintendent shall develop procedures for the maintenance and confidentiality of documentation related to the receipt of a student's complaint or grievance, findings of the investigation, and disposition of the matter. The documentation shall not be used to impose disciplinary action unless the appropriate school official has investigated and determined there was an actual occurrence of the alleged incident.

Knowingly submitting a false report under this policy shall subject the student to discipline up to and including suspension or expulsion. Where disciplinary action is necessary pursuant to any part of this policy, relevant District policies shall be followed.

When District officials have a reasonable belief or an investigation reveals that a reported incident may constitute an unlawful act, law enforcement authorities will be informed.
